UNITED STATES REPLY TO SOVIET NOTE OF JULY 10
ALLEGING VIOLATIONS OF SOVIET TERRITORY BY UNITED STATES AIRCRAFT

Following is the text of a note delivered to the Soviet Union today. It is in reply to the Soviet note of July 10, 1956 alleging violations of Soviet territory by United States Air Force twin-engine medium bombers:

The Department of State has the honor to inform the Embassy of the Union of Soviet Socialist Republics that the latter's note no. 23 of July 10, 1956 alleging violations of Soviet territory by United States Air Force twin-engine medium bombers coming from Western Germany, has received the most serious consideration of the United States Government. It is noted that the Soviet Government's note refers to "the American Zone of Occupation in Western Germany". Attention is called to the fact that there is no longer an American Zone of Occupation in Western Germany. Presumably, the reference is to the Federal Republic of Germany.

A thorough inquiry has been conducted and it has been determined that no United States military planes based, or flying, in or adjacent to the European area at the time of the alleged overflights could possibly have strayed, as alleged, so far from their known flight plans, which carefully exclude such overflights as the Soviet note alleges. Therefore the statement of the Government of the Soviet Union is in error.

The Department of State at the same time feels obliged to comment on the accompanying statements in the Soviet Embassy's note implying a plot to hinder the improvement of international relations and insinuating that the alleged American Air Force flights might have been arranged by General Twining in Germany, following his visit to the Soviet Union. These remarks, which are as obviously out of place as they are unwarranted, indeed of themselves have the effect of hindering the improvement of international relations.

Department of State,
Washington, July 19, 1956.
